Dear Darren;

I just had to write this note to you regarding your presentation at the Barren River Area Health Department District on June 21, 2002. I have never been to a presentation on multi-cultural diversity that I enjoyed as much as yours. I have been to many such presentations but I have to admit that your style and presentation manner was superior to all. They say that "time flies when you are having fun". It seemed that we were there for such a short time that I left the seminar wanting to hear more! The information was very pertinent and your style was very entertaining.

I look forward to coming to another one of your seminars. Please drop me a line and let me know when and where. Thank you, again, for a most pleasant presentation.

Sincerely,

Lee Brown BSEd, AAS-Paramedicine, RN, NREMT-P
